- Initial appointment
- Reappointment

QUALIFICATIONS FOR DENTISTRY

To be eligible to apply for core privileges in dentistry, the initial applicant must meet the following criteria:

Successful completion of an American Dental Association–approved school of dentistry accredited by the Commission of Dental Accreditation and a hospital-based residency in general dentistry, a dental specialty residency, or have equivalent experience as a dentist member of a hospital medical staff.

DENTISTRY CORE PRIVILEGES:

REQUESTED	PRIVILEGE	APPROVED	DENIED
	Alveoplasty		
	Bone Trim		
	Crown and Bridge Preparation		
	Dental Restoration		
	Full or Partial Odontectomy		
	Full or Partial Periodontal Surgery		
	Genioplasty		
	Gingivectomy		
	Implantation of Teeth		
	Incision and Drainage		
	Local Anesthesia		
	Multiple Dental Extractions		
	Peridontal Surgery		
	Prosthetic Replacement of Teeth		
	Tooth Extraction		
	Wisdom Tooth Extraction		

- I have requested only those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform and that I wish to exercise at Baylor Scott & White Texas Spine & Joint Hospital Outpatient Surgery Center.
